Cogswell Survey  
5 Milicich Place  
P O Box 156  
CAMBRIDGE

Dear Pete McLachlan and Alistair Bond

### **CAMBRIDGE PUMP TRACK**

Waipā District Council would like to express our appreciation for the work Cogswell Surveys completed on the Cambridge Pump Track Community Project.

Cogswell Survey was called upon with very short notice to complete 'as built' plans for the track and stormwater drainage. From the onset, Cogswell were extremely cooperative, easy to work with and happy to assist with technical knowledge and flexibility to complete the work in a very timely manner.

Waipā District Council look forward to working with Cogswell on other projects in the future.

Yours sincerely

Debbie Lascelles
